

Professional Education Websites

The UNC Gillings School of Global Public Health - Office of Continuing Education website will lead you to many nursing professional education training courses. Please check their website for the most current information and dates.

<http://www.sph.unc.edu/nciph/nciph-catalog>

- Scroll down and click on *Physical Assessment of Adults and STD Nurse Clinician Training Combined Practicum Course*, then
 - Scroll to “Application” to view, complete, and print the application to attend. Please follow detailed instructions for submitting the application.

Nurses who do not have a BSN must complete the Principles and Practices of Public Health Nursing (PPPHN) course during their first year of employment with a local health department. For nurses who do not have a BSN, this course is also a pre-requisite to the Physical Assessment of Adults course mentioned above. To access information about the next PPPHN course:

- Go to <http://sph.unc.edu/nciph/ppphn/>
- This blended learning course includes two on-line modules, required reading, a 2-1/2 day in-person session in Chapel Hill, NC, and completion of a final exam.
