

## FUNDED PARTNERSHIP OPPORTUNITY

### Eligibility Requirements

- Registered 501(c)(3) Nonprofit
- Submit NC Substitute W9
- Submit NC BCCCP Partnership Application
- Include breast or cervical screening
- Meet all other requirements on application

The NC Breast and Cervical Cancer Control Program Partnership Initiative (Partnerships) are designed to increase the number of patients screened for breast and/or cervical cancers, foster partner collaborations, networking, resource sharing, and facilitate outreach, education and referrals that encourage community-clinical linkages.

**Partnerships could be awarded up to \$5,000.00 to implement initiatives that provide breast and/or cervical cancer screenings.**

For more information or to request a Partnership Application, contact:

Erin Brown, NC BCCCP Program Coordinator
